From the Committee

Hello Members,

Well, we have had an eventful twelve months with the Congress and other issues now behind us. We can now look forward to our AGM next month and start to plan our next twelve month cycle. We already have a few plans for the New Year ahead, with Computer courses and other Workshops being the focus. About four years ago we run a series of computer training events, and we are currently revising these to today's standards and plan to present these in the first half of the new term. We have National Family History Week coming up at the beginning of August and we have submitted two events already to this. For further information refer to the website.

A Number of members have already expressed interest in attending the next congress in Canberra in 2015. This process will start in September this year at the NSW & ACT Association Conference where I will be canvassing our ACT associates about best value accommodation. So if you are interested in attending, please advise us of your interest so we can add you to our contact list. We have about 8 interested so far, so a bulk purchase of

accommodation is already a possibility. Canberra is a great place with everything centrally located, so taking our own diversion from the congress is also a possibility. So watch this space.

This Month as guest speaker we have Elspeth Grant, whose session at the congress I was fortunate to Chair. As a last minute change to her talk she included some child migrants themselves. I must say there was barely a dry eye in the room, and with it being the last session of the day I just let it run overtime. It was one of the most memorable sessions I was involved with. This month's talk is British child migration to SA, basically the same as covered at the Congress.

Our AGM will be on the 14th of July at 1.00pm, and it will be followed by the normal Sausage Sizzle and get together. Please come along and take part in this important event.

Regards

Peter Applebee
President

South Australia's British Farm Apprentices

172 British youths aged 15 to 19 arrived in South Australia to participate in the State Government's farm apprentice scheme during 1913-14, before the First World War interrupted.

They were predecessors to the better known 1,400-plus 'Barwell Boys' who arrived during 1922-24 and 125-odd 'Little Brothers' who emigrated in 1927-28.
